(Mock letterhead for a synthetic test document. This circular was not issued by the University.)

OFFICE OF THE DEAN (ACADEMIC)

Ref. No.: SYN/ACAD/ATT/2026/01

Dated: 28.09.2026

CIRCULAR

Subject: Attendance requirements, condonation of shortage and eligibility to appear in examinations for students of the B.Tech. and M.Tech. programmes.

Document ID	SYN-ACAD-ATT-2026
Version	1.0 (first issue)
Date of issue	28 September 2026
Effective from	01 October 2026
Applies to	B.Tech. and M.Tech. students, all batches, all campuses
Issuing office	Office of the Dean (Academic)
Supersedes	The minimum attendance percentage in the Regulations for B.Tech. Programmes, for the batches named in clause 3.1 only; and the date of submission in the second paragraph of the Notice dated 18.09.2026, for M.Tech. students only (clause 8.2)

It is notified for the information of all students, faculty members and Heads of Departments that the following provisions on attendance, condonation of shortage of attendance and eligibility to appear in examinations shall apply with effect from the date stated above.

1. Short title, application and commencement

- 1.1 This circular may be called the Attendance and Examination Eligibility Circular, 2026.
- 1.2 It applies to every student registered in a B.Tech. or M.Tech. programme of the University at the Main Campus, the East Campus and the West Campus. It does not apply to Ph.D. scholars, or to students of the B.B.A., M.B.A., B.Des., M.A. and M.Sc. programmes, who continue to be governed by the regulations of their own programmes.
- 1.3 It comes into force on 01 October 2026. It governs eligibility for the End-Semester Examinations of the Odd Semester 2026-27, which begin on 23 November 2026, and of every later semester.
- 1.4 Attendance for the whole of the Odd Semester 2026-27 is counted for the purposes of this circular, including classes held before 01 October 2026, subject to the transitional provision in clause 3.6.
- 1.5 This circular is to be read with (a) the Regulations for B.Tech. Programmes, (b) the Regulations for M.Tech. Programmes and (c) Notice F. No. 220(25)/UGC-Fellowship/Acad./NSUT/1018 dated 18.09.2026 of the Office of the Dean Academic on the submission of biometric attendance (referred to below as the Notice dated 18.09.2026). Where this circular expressly supersedes a provision of any of these documents, this circular applies. In every other matter those documents continue to apply, as stated in clause 11.

2. Definitions

- 2.1 Class held** means a lecture, tutorial or practical session of a course that was actually conducted and recorded on the Portal. It includes an extra or make-up class notified at least two working days in advance. A practical session of two or three hours counts as one class. A class that was cancelled is not a class held.
- 2.2 Class attended** means a class held at which the course instructor marked the student present. It includes classes credited as authorised absence under clause 4.
- 2.3 Attendance percentage** means the number of classes attended divided by the number of classes held, multiplied by 100, worked out separately for each course and truncated to two decimal places. Digits after the second decimal place are dropped and the figure is never rounded up. For example, 31 classes attended out of 42 held gives 73.80, and an attendance percentage of 79.99 is below 80.
- 2.4 Minimum** means the minimum attendance percentage in Table 1 that applies to the student.
- 2.5 Shortage** means the number of percentage points by which a student's attendance percentage in a course falls below the minimum.
- 2.6 Cut-off date** means the last teaching day of the semester as notified in the Academic Calendar. Attendance is reckoned from the first teaching day, or from the date given in clause 3.4 where that clause applies, up to and including the cut-off date.
- 2.7 Detained**, in relation to a course, means not permitted to appear in the End-Semester Examination of that course because of a shortage that has not been condoned. The result of the student in that course is recorded as DETAINED.
- 2.8 Batch** means the calendar year in which the student was first admitted to the programme. A lateral-entry student or a student admitted by transfer belongs to the batch with which he or she is studying.
- 2.9 Working day** means a day from Monday to Friday on which the offices of the University are open. Saturdays, Sundays and gazetted holidays are not working days.
- 2.10 Portal** means the attendance module of the University's campus management system.

3. Minimum attendance

- 3.1** A student must have at least the following attendance percentage in each course in order to appear in the End-Semester Examination of that course.

Table 1: Minimum attendance percentage in each course

Category	Programme and batch	Minimum attendance in each course
A	B.Tech., batch 2025 and later batches	80%
B	B.Tech., batch 2024 and earlier batches	75%
C	M.Tech., all batches	75%

- 3.2** The minimum applies to each course separately. A theory course and its laboratory course are separate courses where they carry separate course codes. Attendance aggregated across courses is not considered for any purpose under this circular.
- 3.3** A student whose attendance percentage in a course is equal to or more than the minimum is eligible, so far as attendance is concerned, to appear in the End-Semester Examination of that course.

- 3.4 Late registration in the first semester.** For a first-semester student admitted in a later round of counselling, classes held are counted from the date of the student's registration as recorded by the Academic Section, and not from the first teaching day. This relief is available only in the first semester of the programme. It is not available to a student who registers late in any other semester for any reason, including late payment of fees.
- 3.5 Courses without scheduled classes.** Table 1 does not apply to a project, dissertation, seminar, industrial training, internship or a course taken through an approved online platform. For such a course the supervisor or course coordinator certifies attendance as satisfactory or not satisfactory. A certificate of not satisfactory has the same effect as detention under clause 6.2.
- 3.6 Transitional provision for the Odd Semester 2026-27.** A Category A student whose attendance percentage in a course on the cut-off date of the Odd Semester 2026-27 is 75.00 or more but less than 80.00 shall, on applying in Form ATT-C by the date given in Table 4, be granted condonation under Band I without payment of the fee. Condonation granted under this clause is not counted towards the limits in clause 5.4. This clause ceases to have effect at the end of the Odd Semester 2026-27 and is not available from the Even Semester 2026-27.
- 3.7 Supersession.** For Category A students, clause 3.1 supersedes the minimum attendance percentage prescribed in the Regulations for B.Tech. Programmes. No other provision of those Regulations is superseded by this clause.

4. Authorised absence

- 4.1** Classes missed for any of the following purposes, with the prior written approval of the Head of the Department, are credited to the student as classes attended:
- (a) representing the University in an inter-university, state or national sports, cultural or technical event;
 - (b) taking part in a campus recruitment process arranged by the Training and Placement Section, in the case of a final-year student, or in an internship drive so arranged, in the case of a pre-final-year student;
 - (c) a duty assigned by the University, such as Convocation duty or an NSS or NCC camp;
 - (d) presenting a paper at a conference approved by the supervisor, in the case of an M.Tech. student.
- 4.2** The credit under clause 4.1 shall not exceed 10% of the classes held in the course, any fraction being ignored. For example, where 40 classes are held in a course, not more than 4 classes may be credited; where 45 classes are held, not more than 4 classes may be credited.
- 4.3** The student must submit the request, with proof of participation, to the Head of the Department within five working days of returning to classes. A request made after that period shall not be entertained. The Head of the Department sends the approved list to the course instructors, who update the Portal.
- 4.4** Absence on medical grounds, for a family function, for travel, for a competitive examination or for an off-campus interview not arranged by the Training and Placement Section is not authorised absence. Such absence is not added to classes attended. It may be considered only under clause 5.
- 4.5** The number of classes attended shown on the Portal already includes the credit given under this clause. Nothing further is to be added when the attendance percentage is worked out.

5. Condonation of shortage

5.1 Shortage may be condoned only within the bands in Table 2 and only on the grounds stated there.

Table 2: Bands of condonation

Band	Shortage	Attendance range, Category A	Attendance range, Categories B and C	Recommended by	Approved by	Fee per course
I	Up to 5 percentage points	75.00 to 79.99	70.00 to 74.99	Head of the Department	Dean (Academic)	Rs. 1,000
II	More than 5 and up to 10 percentage points	70.00 to 74.99	65.00 to 69.99	Dean (Academic)	Vice-Chancellor or	Rs. 2,000
None	More than 10 percentage points	Below 70.00	Below 65.00	Not condonable	Not condonable	Not applicable

5.2 **Grounds for Band I.** Condonation under Band I may be granted on one of the following grounds:

- (i) illness or injury of the student, certified by a registered medical practitioner and countersigned by the University Health Centre;
- (ii) death or serious illness of a parent, sibling, spouse or child of the student;
- (iii) any other exceptional circumstance beyond the control of the student, the reasons for which are recorded in writing by the Head of the Department.

5.3 **Ground for Band II.** Condonation under Band II may be granted only where the student was admitted to a hospital as an in-patient for five or more consecutive days during the semester, supported by the discharge summary of the hospital.

5.4 **Limits.** Subject to clause 3.6:

- (a) condonation shall not be granted to a student in more than two courses in one semester;
- (b) condonation shall not be granted to a B.Tech. student in more than two semesters, or to an M.Tech. student in more than one semester, during the programme;
- (c) condonation under Band II shall not be granted to a student more than once during the programme.

5.5 **Procedure.** The student applies in Form ATT-C (Annexure III), with supporting documents, at the office of the department within three working days of the display of the provisional shortage list, counting the day of display. The Head of the Department forwards the application with a recommendation within two working days. The fee is payable only after approval and must be paid before the admit card is issued.

5.6 Condonation is not a right. Where it is refused, the reasons are recorded and communicated to the student.

5.7 A student whose shortage in a course has been condoned is treated for all purposes as having met the minimum in that course. No marks are deducted on account of condonation.

5.8 No condonation shall be granted where the shortage arose from the suspension of the student or from any other disciplinary penalty.

6. Eligibility for examinations and consequences of shortage

- 6.1 Mid-Semester Examination.** Shortage of attendance does not bar a student from the Mid-Semester Examination. A student who is below the minimum in a course at the end of the eighth teaching week is placed on the warning list, and the warning is sent to the registered e-mail addresses of the student and of the parent or guardian.
- 6.2 End-Semester Examination.** A student who is below the minimum in a course on the cut-off date, and whose shortage has not been condoned under clause 5 or clause 3.6, is detained in that course.
- 6.3** Detention is course-wise. A student detained in one course may appear in the End-Semester Examinations of the other courses in which he or she meets the minimum.
- 6.4** A student detained in a course is not eligible to appear in the supplementary examination of that course. The student must register again for the course when it is next offered in a regular semester or in the summer term, attend the classes afresh and meet the minimum.
- 6.5** The continuous assessment marks and the Mid-Semester Examination marks earned in a course in which the student is detained lapse. On registering again, the student is assessed afresh in all components of the course.
- 6.6** A student detained in courses that together carry more than half of the credits registered in the semester must meet the faculty adviser before the next registration and may register for not more than 16 credits in the next semester. Whether such a student is promoted to the next year is decided under the Regulations of the programme and not under this circular.
- 6.7** The admit card lists the courses in which the student is eligible to appear. If a student appears by mistake in the End-Semester Examination of a course in which he or she is detained, no right arises from it and the answer script is not evaluated.
- 6.8** Clauses 6.2 to 6.7 apply in the same way to the end-semester practical examination of a laboratory course.

7. Monitoring, display and correction of attendance

- 7.1** The course instructor marks attendance on the Portal within two working days of each class.
- 7.2** The following stages apply in every semester.

Table 3: Stages of attendance monitoring in every semester

Stage	When	Action
First statement	End of the fourth teaching week	Attendance is visible to students on the Portal. A discrepancy may be reported to the course instructor within three working days.
Warning list	End of the eighth teaching week	The list of students below the minimum is displayed. A warning is e-mailed to the student and to the parent or guardian (clause 6.1).
Provisional shortage list	First working day after the cut-off date	Displayed on the department notice board and on the Portal.
Discrepancy claims and Form ATT-C	Within three working days of the provisional shortage list, counting the day of display	Claims go to the course instructor. Form ATT-C goes to the office of the department.
Final detained list	At least one working day before the End-Semester Examinations begin	Sent to the Controller of Examinations. Admit cards are issued accordingly.

7.3 For the Odd Semester 2026-27 the dates are as given in Table 4.

Table 4: Dates for the Odd Semester 2026-27

Event	Date
First teaching day	Monday, 03 August 2026
Warning list (end of the eighth teaching week)	Friday, 25 September 2026
Cut-off date (last teaching day)	Friday, 13 November 2026
Provisional shortage list displayed	Monday, 16 November 2026
Last date for discrepancy claims and for Form ATT-C, including applications under clause 3.6	Wednesday, 18 November 2026, up to 5:00 PM
Decisions communicated and final detained list displayed	Friday, 20 November 2026
End-Semester Examinations begin	Monday, 23 November 2026

7.4 An entry on the Portal is corrected only through the course instructor. After the final detained list is displayed, no entry is changed except by a written order of the Dean (Academic).

7.5 Attendance records of a semester are preserved for one year from the declaration of the results of that semester.

8. M.Tech. students drawing a fellowship or financial assistance

8.1 An M.Tech. student who draws a GATE or UTA fellowship, or any other financial assistance, must satisfy both (a) the minimum attendance in each course under clause 3 and (b) the biometric attendance requirement of the Notice dated 18.09.2026, as modified by this clause. Neither requirement is a substitute for the other.

8.2 Date of submission. The duly verified monthly biometric attendance sheet, signed by the Head of the Department, shall reach the Academic Section on or before the 5th day of the following month. For M.Tech. students only, this clause supersedes the words "on or before the 7th day of every month" in the second paragraph of the Notice dated 18.09.2026. For Ph.D. scholars the date remains as stated in that Notice.

- 8.3 Time of marking.** An M.Tech. student drawing a fellowship or financial assistance shall mark biometric attendance, In and Out, between 9:00 AM and 5:00 PM on working days, with a minimum stay of six hours.
- 8.4 Late sheets.** A sheet received after the 5th day but on or before the 10th day of the month, with the reasons for the delay recorded by the Head of the Department, shall be accepted, and the fellowship for that month shall be released with the fellowship of the next month. A sheet received after the 10th day shall not be accepted and the student shall be marked absent for the entire month, as provided in the Notice dated 18.09.2026.
- 8.5** During the dissertation semesters the biometric requirement continues. In place of clause 3, the certificate of the supervisor under clause 3.5 applies.
- 8.6** Laboratory work at another university or institute continues to be governed by the resolution of the Senate reproduced with the Notice dated 18.09.2026. This circular makes no change to it.
- 8.7** A month for which a student is marked absent under clause 8.4 affects only the fellowship for that month. It does not, by itself, reduce the attendance percentage of the student in any course.

9. Grievances and appeal

- 9.1** Each department shall have a Department Attendance Committee consisting of the Head of the Department as Chairperson, two faculty members of the department nominated by the Head, and one faculty member of another department nominated by the Dean (Academic).
- 9.2** A student aggrieved by an attendance entry, or by a refusal of condonation under Band I, may represent in writing to the Committee within two working days of the communication. The Committee decides within two working days.
- 9.3** An appeal against the decision of the Committee lies to the Dean (Academic) and must be made within two working days of that decision. The decision of the Dean (Academic) is final. No appeal lies against a decision of the Vice-Chancellor under Band II.
- 9.4** Where a grievance or appeal is pending on the day of an examination, the Dean (Academic) may by written order permit the student to appear provisionally. The result is withheld until the matter is decided. If the grievance or appeal is rejected, the answer script is not evaluated.

10. Responsibilities

- 10.1 Students** must check their attendance on the Portal every week. Not knowing one's attendance position is not a ground for condonation.
- 10.2 Course instructors** must mark attendance within the time in clause 7.1, dispose of discrepancy claims within two working days and certify the attendance of each course on the cut-off date.
- 10.3 Heads of Departments** must display the lists in Table 3 on time, forward applications in Form ATT-C with a clear recommendation and convene the Department Attendance Committee whenever a representation is received.
- 10.4 The Academic Section** must record the date of registration for the purposes of clause 3.4, keep the register of condonations for the purposes of clause 5.4 and receive the biometric sheets under clause 8.
- 10.5 The Controller of Examinations** issues admit cards in accordance with the final detained list.

11. Interpretation and savings

- 11.1** A matter not covered by this circular is governed by the Regulations of the programme concerned.
- 11.2** Any doubt about the meaning of this circular is referred to the Dean (Academic), whose decision is final.
- 11.3** Condonation granted before 01 October 2026 is not reopened, but it is counted towards the limits in clause 5.4.
- 11.4** Other circulars and notices of this office on attendance continue to apply except to the extent expressly superseded by clauses 3.7 and 8.2.

This issues with the approval of the Competent Authority.

Sd/-

Academic Coordinator

Office of the Dean (Academic)

(Mock signatory. No real official has signed this document.)

Copy to:

1. All Deans and Heads of Departments, with the request to bring the circular to the notice of all faculty members and students.
2. Directors, East Campus and West Campus.
3. Controller of Examinations.
4. In-charge, Training and Placement Section.
5. Coordinator, campus management system, with the request to upload the circular on the Portal and to e-mail it to all B.Tech. and M.Tech. students.
6. Assistant Registrar to the Vice-Chancellor.
7. Personal Assistant to the Registrar.

Annexure I**Worked examples (see clauses 2.3, 3.1, 3.3 and 5.1)**

The examples below show how the attendance percentage is worked out and what follows from it. They are illustrations only. In each case the classes attended already include any credit for authorised absence under clause 4.

Table 5: Worked examples

No.	Student	Minimum	Classes held	Classes attended	Attendance percentage	Position
1	B.Tech., batch 2025	80%	40	32	80.00	Meets the minimum. Eligible for the End-Semester Examination.
2	B.Tech., batch 2025	80%	40	31	77.50	Short. Band I condonation may be sought (clause 5.1).
3	B.Tech., batch 2025	80%	40	30	75.00	Short. Band I condonation may be sought (clause 5.1).
4	B.Tech., batch 2025	80%	40	29	72.50	Short. Band II condonation only (hospitalisation, clause 5.3).
5	B.Tech., batch 2025	80%	40	27	67.50	Short by more than 10 percentage points. Not condonable. Detained.
6	B.Tech., batch 2024	75%	40	30	75.00	Meets the minimum. Eligible for the End-Semester Examination.
7	B.Tech., batch 2024	75%	40	29	72.50	Short. Band I condonation may be sought (clause 5.1).
8	B.Tech., batch 2023	75%	42	28	66.66	Short. Band II condonation only (hospitalisation, clause 5.3).
9	M.Tech., batch 2026	75%	42	31	73.80	Short. Band I condonation may be sought (clause 5.1).
10	M.Tech., batch 2026	75%	42	27	64.28	Short by more than 10 percentage points. Not condonable. Detained.
11	B.Tech., batch 2026, registered late (clause 3.4)	80%	36	29	80.55	Meets the minimum. Eligible for the End-Semester Examination.

Examples 3 and 6 show the same attendance percentage of 75.00. The batch 2024 student meets the minimum of 75%. The batch 2025 student is short of the minimum of 80% by 5 percentage points and falls in Band I. In the Odd Semester 2026-27 the student in examples 2 and 3 may also use the transitional provision in clause 3.6.

In example 11, classes are counted from the date of registration, so 36 classes held is the number of classes conducted on or after that date.

Annexure II

Ready reckoner: least number of classes to be attended

For a given number of classes held, the table gives the least number of classes a student must attend to reach the minimum, and the least number needed to fall within Band I or Band II. The figures follow from clause 2.3, under which the attendance percentage is never rounded up.

Table 6: Least number of classes to be attended

Classes held	Minimum 80% (Category A)	Band I, Category A (75.00)	Band II, Category A (70.00)	Minimum 75% (Categories B, C)	Band I, Categories B, C (70.00)	Band II, Categories B, C (65.00)
24	20	18	17	18	17	16
28	23	21	20	21	20	19
30	24	23	21	23	21	20
32	26	24	23	24	23	21
36	29	27	26	27	26	24
39	32	30	28	30	28	26
40	32	30	28	30	28	26
42	34	32	30	32	30	28
45	36	34	32	34	32	30
48	39	36	34	36	34	32
52	42	39	37	39	37	34
56	45	42	40	42	40	37
60	48	45	42	45	42	39

Annexure III**Form ATT-C: Application for condonation of shortage of attendance**

(See clauses 3.6 and 5.5. To be submitted at the office of the department within three working days of the display of the provisional shortage list, counting the day of display.)

Part A: To be filled in by the student

1. Name of the student	
2. Roll number	
3. Programme, branch and semester	
4. Batch (year of admission)	
5. Category under Table 1 (A, B or C)	
6. Course code and course title	
7. Classes held up to the cut-off date	
8. Classes attended	
9. Attendance percentage (two decimal places)	
10. Band applied for (I, II, or transitional under clause 3.6)	
11. Ground (clause 5.2 (i), (ii), (iii) or clause 5.3)	
12. Period of absence (from and to)	
13. Documents enclosed	
14. Semesters in which condonation was granted earlier	

I declare that the particulars given above are correct and that I have not applied for condonation in more than two courses in this semester.

Date: _____

Signature of the student: _____

Part B: For office use

Attendance verified by the course instructor (signature and date)	
Number of courses already condoned in this semester	
Recommendation of the Head of the Department (recommended or not recommended, with reasons)	
Decision of the Dean (Academic), for Band I and clause 3.6	
Decision of the Vice-Chancellor, for Band II	
Fee receipt number and date (not required under clause 3.6)	

Annexure IV

Frequently asked questions

These questions and answers form part of the circular. If an answer appears to differ from a clause, the clause prevails.

Q1. My attendance in a course is exactly 80%. Am I eligible?

Yes. A student whose attendance percentage is equal to or more than the minimum is eligible (clause 3.3).

Q2. I am a B.Tech. student of batch 2024 and my attendance in a course is 76%. Does the 80% requirement apply to me?

No. Batch 2024 and earlier batches are in Category B, for which the minimum is 75% (Table 1). You meet the minimum.

Q3. I joined the second year of B.Tech. through lateral entry in 2026. Which category am I in?

A lateral-entry student belongs to the batch with which he or she is studying (clause 2.8). If you are studying with batch 2025, you are in Category A and the minimum is 80%.

Q4. I was ill for a week and have a medical certificate. Will those classes be added to my attendance?

No. Absence on medical grounds is not authorised absence (clause 4.4). It can be considered only for condonation under clause 5, within the bands in Table 2.

Q5. I am detained in one course. May I write the End-Semester Examinations of my other courses?

Yes. Detention is course-wise (clause 6.3).

Q6. I am detained in a course. May I clear it in the supplementary examination?

No. A detained student must register again for the course and attend it afresh (clause 6.4).

Q7. I am short of attendance in three courses on medical grounds. Can all three be condoned?

No. Condonation cannot be granted in more than two courses in one semester (clause 5.4 (a)). You will be detained in the third course.

Q8. I am a batch 2025 student with 77% in a course in the Odd Semester 2026-27. What should I do?

Apply in Form ATT-C by Wednesday, 18 November 2026. Under the transitional provision in clause 3.6 you will be granted condonation under Band I without fee. This is available only in the Odd Semester 2026-27.

Q9. I am an M.Tech. student drawing the GATE fellowship. By what date must my biometric attendance sheet reach the Academic Section?

On or before the 5th day of the following month (clause 8.2). A sheet received up to the 10th day with reasons recorded by the Head of the Department is accepted, but the fellowship is released with that of the next month (clause 8.4).

Q10. Does a month marked absent for the fellowship reduce my attendance in my courses?

No. It affects only the fellowship for that month (clause 8.7).
