OFFICE OF THE CONTROLLER OF EXAMINATIONS

Ref. No.: SYN/COE/EXAM/2026/02

Dated: 29.09.2026

CIRCULAR

Subject: Pass criteria, supplementary examinations, academic standing (SGPA and CGPA) and certification of academic eligibility for campus placement for students of the B.Tech. and M.Tech. programmes.

Document ID	SYN-COE-EXAM-2026
Version	1.0 (first issue)
Date of issue	29 September 2026
Effective from	01 October 2026
Applies to	B.Tech. and M.Tech. students, all batches, all campuses
Issuing office	Office of the Controller of Examinations
Supersedes	The section headed "CGPA Calculation and Drop Subject" (pages 11 and 12) of the Placement Policy (Students) 2024-25 of the Training and Placement Section (clause 10.4)

It is notified for the information of all students, faculty members, Heads of Departments and the Training and Placement Section that the following provisions shall apply to examinations, results and certificates of academic eligibility with effect from the date stated above.

1. Short title, application and commencement

- 1.1 This circular may be called the Examination and Academic Standing Circular, 2026.
- 1.2 It applies to every student registered in a B.Tech. or M.Tech. programme of the University, of every batch and at every campus.
- 1.3 It comes into force on 01 October 2026 and applies to:

(a) the regular End-Semester Examinations of the Odd Semester 2026-27 (session 2026-DEC) and of every later semester;

(b) supplementary examinations from the session 2027-JAN onwards;

(c) every certificate of academic eligibility for campus placement issued on or after 01 October 2026.
- 1.4 A result declared before 01 October 2026 is not reopened. A backlog of an earlier session may, however, be cleared under this circular.
- 1.5 This circular is to be read with the Regulations for B.Tech. Programmes, the Regulations for M.Tech. Programmes and the Placement Policy (Students) 2024-25 of the Training and Placement Section. Promotion to the next year, the maximum duration of a programme and the award of the degree are governed only by the Regulations and are not dealt with in this circular.

2. Definitions

- 2.1 Regular examination** means the End-Semester Examination held at the end of the semester in which the course is taught.
- 2.2 Supplementary examination** means the examination held under clauses 4 to 6 after the results of a regular examination are declared.
- 2.3 Session** means an examination session, written as the year followed by the month in which it ends, for example 2026-DEC for a regular session and 2027-JAN for a supplementary session.
- 2.4 Internal marks** means the marks for continuous assessment and the Mid-Semester Examination. **External marks** means the marks in the End-Semester Examination. **Total marks** means internal marks plus external marks.
- 2.5 Active backlog** means a course in which the most recent result of the student is FAIL, ABSENT or DETAINED. A course ceases to be an active backlog on the date on which a result of PASS in that course is declared.
- 2.6 SGPA and CGPA** mean the Semester Grade Point Average and the Cumulative Grade Point Average worked out under clause 7.
- 2.7 Final-year student** means a B.Tech. student registered in the seventh or eighth semester or an M.Tech. student registered in the third or fourth semester. **Pre-final-year student** means a B.Tech. student registered in the fifth or sixth semester or an M.Tech. student registered in the first or second semester.
- 2.8 Working day** means a day from Monday to Friday on which the offices of the University are open.

3. Components of evaluation and pass criteria

- 3.1** Every course is evaluated out of 100 marks. The components and the marks needed to pass are given in Table 1.

Table 1: Components of evaluation and minimum marks to pass

Type of course	Internal marks (maximum)	External marks (maximum)	Total (maximum)	Minimum external marks to pass	Minimum total marks to pass
Theory	40 (continuous assessment 15, Mid-Semester Examination 25)	60	100	21	40
Laboratory or practical	60	40	100	14	40
Project, dissertation or seminar	As per the scheme of the programme	As per the scheme of the programme	100	Not applicable	50

- 3.2** To pass a theory or laboratory course a student must obtain both the minimum external marks and the minimum total marks in Table 1. A student who obtains 40 or more in total but less than the minimum external marks has not passed.
- 3.3** The result in each course is recorded as one of the following:
- (a) PASS, where the student meets clause 3.2;
 - (b) FAIL, where the student appeared in the examination but does not meet clause 3.2;

(c) ABSENT, where the student was eligible to appear in the examination but did not appear;

(d) DETAINED, where the student was not permitted to appear on account of shortage of attendance.

3.4 No grace marks are awarded in any course.

3.5 Letter grades and grade points are awarded on the total marks as given in Table 2.

Table 2: Letter grades and grade points

Total marks	Letter grade	Grade points	Description
90 to 100	O	10	Outstanding
80 to 89	A+	9	Excellent
70 to 79	A	8	Very good
60 to 69	B+	7	Good
50 to 59	B	6	Above average
45 to 49	C	5	Average
40 to 44	P	4	Pass
Below 40, or external marks below the minimum	F	0	Fail
Result ABSENT	AB	0	Absent
Result DETAINED	DT	0	Detained

3.6 A student who does not obtain the minimum external marks is awarded the grade F whatever the total marks.

4. Supplementary examination: who is eligible

4.1 A supplementary session is held once after each regular session. It covers only the courses taught in the semester just concluded. As an exception, a final-year student may appear in a supplementary session in a backlog course of any earlier semester.

4.2 A student is eligible to appear in the supplementary examination of a course if his or her most recent result in that course is FAIL or ABSENT and all of the following conditions are met:

- (a) the internal marks of the student in the course are at least 30% of the maximum internal marks, that is, at least 12 out of 40 in a theory course and at least 18 out of 60 in a laboratory course;
- (b) the student appears in not more than three courses in one supplementary session; a student with more than three eligible courses chooses any three;
- (c) the student registers and pays the fee within the dates in Table 4;
- (d) the student is not barred under clause 9.

4.3 A student who does not meet clause 4.2 (a) is not eligible for the supplementary examination of that course and must register again for the course.

4.4 Detained students. A student whose result in a course is DETAINED may appear once in the supplementary examination of that course as a detained candidate, on payment of the fee for detained candidates in Table 3, provided that his or her attendance percentage in that course was not below 60. A student whose attendance percentage in the course was below 60 must register again for the course. Clause 4.2 (a) to (d) apply to a detained candidate.

- 4.5** A student whose result in a course is PASS may not appear in the supplementary examination of that course to improve the grade.
- 4.6 Number of attempts.** A student may appear in the supplementary examination of a course not more than twice. After two supplementary attempts the student must register again for the course. A result of ABSENT in a supplementary examination counts as an attempt, unless clause 4.7 applies.
- 4.7 Absence on medical grounds.** Where a student was ABSENT from a regular examination because he or she was admitted to a hospital as an in-patient, and the Controller of Examinations accepts the hospital record submitted within five working days of the date of that examination, the supplementary examination of that course is treated as the student's regular attempt. No fee is charged, clause 5.4 does not apply and the attempt is not counted under clause 4.6.

5. Supplementary examination: conduct and result

- 5.1** Only the external component is examined again. The internal marks already awarded in the course are carried forward without change.
- 5.2** The syllabus, the pattern of the question paper, the maximum marks and the pass criteria are the same as for the regular examination (Table 1).
- 5.3** The total marks are the internal marks carried forward plus the external marks obtained in the supplementary examination.
- 5.4 Cap on grade.** The highest grade that may be awarded on the result of a supplementary examination is B+ (7 grade points), even where the total marks would earn a higher grade under Table 2. The marks actually obtained are shown on the grade card.
- 5.5** The grade card shows the type of examination as SUPPLEMENTARY and the session.
- 5.6** Where the result of the supplementary examination is PASS, the course ceases to be an active backlog from the date on which that result is declared. Where the result is FAIL or ABSENT, the course remains an active backlog.
- 5.7** On a result of PASS, the earlier grade in the course is replaced by the new grade and the SGPA of that semester and the CGPA are worked out again.

6. Supplementary examination: how to apply

- 6.1** A student applies for the supplementary examination by taking the following steps in order.

Steps to apply for the supplementary examination

Step	What the student does
1	Checks the result of the regular examination on the examination portal after it is declared.
2	Logs in to the examination portal, opens Supplementary Registration and selects the courses, not more than three (clause 4.2 (b)).
3	Reads the eligibility shown by the portal for each selected course. The portal applies clauses 4.2 to 4.6 and shows the reason where a course is not eligible.
4	Pays the fee in Table 3 online and downloads the acknowledgement.
5	Signs the acknowledgement and submits it at the office of the department. The Head of the Department verifies the registration on the portal.
6	Downloads the admit card from the date given in Table 4.
7	Appears in the examination with the admit card and the University identity card.

6.2 Period of registration. Registration is open for seven working days beginning on the first working day after the results are declared. It remains open for three more working days with the late fee. No registration is accepted after that.

6.3 Withdrawal. A student may withdraw a registration up to two working days before the first paper of the session. The fee is not refunded. An examination so withdrawn is not counted as an attempt under clause 4.6.

6.4 The fees are given in Table 3.

Table 3: Fees

Purpose	Fee
Supplementary examination, theory course	Rs. 1,000 per course
Supplementary examination, laboratory course	Rs. 1,500 per course
Detained candidate under clause 4.4, theory or laboratory course	Rs. 2,500 per course
Late fee, in addition to the fee above	Rs. 500 per course
Supplementary examination under clause 4.7 (absence on medical grounds)	Nil
Re-evaluation of an answer script (clause 8)	Rs. 500 per course
Photocopy of an evaluated answer script	Rs. 300 per course

6.5 The dates for the academic year 2026-27 are given in Table 4.

Table 4: Calendar of regular and supplementary sessions, 2026-27

Event	After the Odd Semester 2026-27	After the Even Semester 2026-27
Regular End-Semester Examinations	Monday, 23 November 2026 to Friday, 11 December 2026 (session 2026-DEC)	Monday, 10 May 2027 to Friday, 28 May 2027 (session 2027-MAY)
Declaration of results	Thursday, 31 December 2026	Friday, 18 June 2027
Registration for the supplementary examination	Friday, 01 January 2027 to Monday, 11 January 2027	Monday, 21 June 2027 to Tuesday, 29 June 2027
Registration with late fee	Tuesday, 12 January 2027 to Thursday, 14 January 2027	Wednesday, 30 June 2027 to Friday, 02 July 2027
Admit cards available from	Wednesday, 20 January 2027	Wednesday, 07 July 2027
Supplementary examinations	Monday, 25 January 2027 to Friday, 05 February 2027 (session 2027-JAN); no paper on 26 January 2027	Monday, 12 July 2027 to Friday, 23 July 2027 (session 2027-JUL)
Declaration of supplementary results	Monday, 22 February 2027	Monday, 09 August 2027

7. SGPA, CGPA and academic standing

7.1 The SGPA of a semester is the sum, over all courses registered in that semester, of the credits of each course multiplied by the grade points earned in it, divided by the sum of the credits of those courses. The CGPA is worked out in the same way over all courses registered from the first semester up to the semester concerned.

7.2 A course with the grade F, AB or DT is included with zero grade points until it is passed.

- 7.3 Rounding.** The SGPA and the CGPA are rounded to two decimal places. Every minimum in this circular is compared with the rounded figure. A student whose CGPA is equal to a minimum meets it.
- 7.4** The academic standing of a student is determined after each regular session and again after each supplementary session, as given in Table 5.

Table 5: Academic standing

Standing	B.Tech.	M.Tech.	Consequence
Good standing	CGPA of 5.00 or more	CGPA of 6.00 or more	Normal course load.
Academic warning	CGPA from 4.00 to 4.99	CGPA from 5.50 to 5.99	A warning letter is sent to the student and to the parent or guardian. The student meets the faculty adviser and may register for not more than 22 credits in the next semester.
Academic probation	CGPA below 4.00, or more than four active backlogs	CGPA below 5.50, or more than four active backlogs	The student may register for not more than 16 credits in the next semester and may not hold office in a student society.

- 7.5** A student on academic probation after two consecutive regular sessions is referred to the Dean (Academic) for action under the Regulations.
- 7.6** Academic standing under this clause is separate from promotion to the next year, which is decided under the Regulations (clause 1.5).

8. Re-evaluation

- 8.1** A student may apply for re-evaluation of the answer script of a theory course of a regular examination within five working days of the declaration of the result, on payment of the fee in Table 3. The result of re-evaluation is declared within fifteen working days of the last date for applying.
- 8.2** The marks awarded on re-evaluation are final, whether they are higher or lower than the original marks.
- 8.3** A student whose re-evaluation is pending may register provisionally for the supplementary examination of that course. If the student passes on re-evaluation, the supplementary registration is cancelled and the supplementary fee is refunded.
- 8.4** There is no re-evaluation of a laboratory course, a project, a dissertation, a seminar or the answer script of a supplementary examination.

9. Unfair means

- 9.1** A student penalised for the use of unfair means in the examination of a course is not eligible for the supplementary examination of that course in the session immediately following. The student may appear in a later session if otherwise eligible.

10. Certificate of academic eligibility for campus placement

- 10.1** From 01 October 2026 the Examination Branch furnishes to the Training and Placement Section, for each student registered for placement or internship, the CGPA and the number of active backlogs of the student on the date of the request. The Training and Placement Section relies on these figures and not on figures declared by the student.
- 10.2** A student is academically eligible only if he or she meets the minimum in Table 6 on the date of applying for an opportunity.

Table 6: Minimum academic requirement for campus placement and internship

Purpose	Who	Minimum CGPA, B.Tech.	Minimum CGPA, M.Tech.	Active backlogs allowed
Full-time placement	Final-year students	6.00	6.50	None
Internship	Pre-final-year students	6.00	6.50	Not more than one

10.3 A recruiting organisation may set a higher requirement. The name of a student who does not meet Table 6 shall not be forwarded to any organisation.

10.4 CGPA to be used. The CGPA to be used for placement and internship is the CGPA shown on the latest grade card, worked out on all courses under clause 7. The "CGPA after Drop", and the dropping of subjects or of active backlogs, described in the section headed "CGPA Calculation and Drop Subject" (pages 11 and 12) of the Placement Policy (Students) 2024-25 of the Training and Placement Section, shall not be used on or after 01 October 2026. This clause supersedes that section. The other sections of that Policy, including company classification, acceptance of offers and penalties, are not affected.

10.5 Backlog cleared in a supplementary examination. A student who clears an active backlog in a supplementary examination becomes academically eligible from the date on which the supplementary result is declared, provided that the CGPA worked out again under clause 5.7 meets Table 6. Eligibility does not relate back to an opportunity whose last date for applying had already passed.

10.6 Detention in the preceding semester. A student whose result was DETAINED in two or more courses in the immediately preceding semester shall not be certified as academically eligible during the following semester, whatever the CGPA.

10.7 The figures furnished under clause 10.1 show the position on the date of the request. The Training and Placement Section obtains fresh figures after each declaration of results and before each shortlist is sent to an organisation.

10.8 A student who finds an error in the CGPA or in the number of active backlogs reports it through the grievance form on the examination portal, with the grade cards, within three working days of noticing it.

11. Interpretation and savings

11.1 A matter not covered by this circular is governed by the Regulations of the programme concerned.

11.2 Any doubt about the meaning of this circular is referred to the Controller of Examinations, whose decision, given with the approval of the Vice-Chancellor, is final.

11.3 Nothing in this circular alters the minimum attendance percentage, which is notified separately by the Office of the Dean (Academic).

This issues with the approval of the Competent Authority.

Academic Coordinator (Examinations)

Office of the Controller of Examinations

(Mock signatory. No real official has signed this document.)

Copy to:

1. All Deans and Heads of Departments, with the request to bring the circular to the notice of all faculty members and students.
2. Directors, East Campus and West Campus.
3. Dean (Academic).
4. In-charge, Training and Placement Section, for action under clause 10.
5. Coordinator, campus management system, with the request to upload the circular on the examination portal.
6. Assistant Registrar to the Vice-Chancellor.
7. Personal Assistant to the Registrar.

Annexure I**Worked examples: result and eligibility for the supplementary examination**

The examples apply Table 1 and clauses 3.2 and 4.2 to 4.5. They are illustrations only. Each example assumes that the student has registered in time, has chosen not more than three courses and is not barred under clause 9.

Table 7: Worked examples on result and supplementary eligibility

No.	Type of course	Internal marks	External marks	Total marks	Result	Supplementary examination
1	Theory	25 out of 40	30	55	PASS	Not eligible. No supplementary examination for improvement (clause 4.5).
2	Theory	20 out of 40	19	39	FAIL (total below 40 and external marks below the minimum)	Eligible (clause 4.2).
3	Theory	18 out of 40	21	39	FAIL (total below 40)	Eligible (clause 4.2).
4	Theory	19 out of 40	21	40	PASS	Not eligible. No supplementary examination for improvement (clause 4.5).
5	Theory	28 out of 40	20	48	FAIL (external marks below the minimum)	Eligible (clause 4.2).
6	Theory	10 out of 40	15	25	FAIL (total below 40 and external marks below the minimum)	Not eligible. Internal marks below 30%. Must register again (clause 4.3).
7	Theory	22 out of 40	Did not appear	Not applicable	ABSENT	Eligible (clause 4.2).
8	Theory	11 out of 40	Did not appear	Not applicable	ABSENT	Not eligible. Internal marks below 30%. Must register again (clause 4.3).

No.	Type of course	Internal marks	External marks	Total marks	Result	Supplementary examination
9	Theory	24 out of 40	Not permitted (attendance 68.00%)	Not applicable	DETAINED	May appear once as a detained candidate (clause 4.4).
10	Theory	24 out of 40	Not permitted (attendance 55.00%)	Not applicable	DETAINED	Not eligible. Attendance below 60%. Must register again (clause 4.4).
11	Laboratory	40 out of 60	12	52	FAIL (external marks below the minimum)	Eligible (clause 4.2).
12	Laboratory	30 out of 60	14	44	PASS	Not eligible. No supplementary examination for improvement (clause 4.5).

Examples 3 and 4 differ by one mark. A total of 39 is a result of FAIL and a total of 40, with external marks of 21, is a result of PASS. In example 5 the total is 48 but the external marks are 20, one mark below the minimum of 21, so the result is FAIL (clause 3.2).

Result after the supplementary examination. Suppose the student in example 2 obtains 34 external marks in the supplementary examination. The internal marks of 20 are carried forward (clause 5.1), the total is 54 and the result is PASS. The grade is B (6 grade points). Suppose instead that the student obtains 52 external marks. The total is 72, which would earn the grade A under Table 2, but the grade awarded is B+ (7 grade points) because of the cap in clause 5.4.

Annexure II**Worked examples: academic eligibility for campus placement and internship****Table 8: Worked examples on academic eligibility**

No.	Programme	Student	Purpose	CGPA	Active backlogs	Courses DETAINED in preceding semester	Position under clause 10
1	B.Tech.	Final year	Placement	6.00	0	0	Academically eligible.
2	B.Tech.	Final year	Placement	5.99	0	0	Not eligible. CGPA below 6.00.
3	B.Tech.	Final year	Placement	7.40	1	0	Not eligible until the backlog is cleared (clause 10.5).
4	B.Tech.	Final year	Placement	8.10	0	2	Not certified in this semester (clause 10.6).
5	B.Tech.	Pre-final year	Internship	6.20	1	0	Academically eligible.
6	B.Tech.	Pre-final year	Internship	6.80	2	0	Not eligible. More than one active backlog.
7	M.Tech.	Final year	Placement	6.50	0	0	Academically eligible.
8	M.Tech.	Final year	Placement	6.49	0	0	Not eligible. CGPA below 6.50.
9	M.Tech.	Pre-final year	Internship	7.10	1	0	Academically eligible.

In example 3 the student has one active backlog. If the student passes that course in the supplementary session 2027-JAN, the student becomes academically eligible on Monday, 22 February 2027, the date on which the supplementary results are declared, provided that the CGPA worked out again is 6.00 or more (clause 10.5).

Annexure III**Form SUP-1: Acknowledgement of registration for the supplementary examination**

(See clause 6.1, step 5. The acknowledgement is generated by the examination portal. The student signs it and submits it at the office of the department within the period of registration.)

1. Name of the student	
2. Roll number	
3. Programme, branch and semester	
4. Supplementary session (for example 2027-JAN)	
5. Course 1: code, title, theory or laboratory	
6. Course 1: result in the regular examination and internal marks	
7. Course 2: code, title, theory or laboratory	
8. Course 2: result in the regular examination and internal marks	
9. Course 3: code, title, theory or laboratory	
10. Course 3: result in the regular examination and internal marks	
11. Number of earlier supplementary attempts in each course	
12. Category of candidate (clause 4.2, 4.4 or 4.7)	
13. Fee paid, transaction number and date	
14. Re-evaluation pending in any of these courses (yes or no)	

I declare that the particulars given above are correct. I understand that the internal marks are carried forward and that the grade is subject to the cap in clause 5.4.

Date: _____

Signature of the student: _____

For office use

Internal marks and earlier attempts verified by the department (signature and date)	
Registration verified on the portal by the Head of the Department (signature and date)	
Remarks of the Examination Branch	

Annexure IV

Frequently asked questions

These questions and answers form part of the circular. If an answer appears to differ from a clause, the clause prevails.

Q1. How do I apply for the supplementary examination?

Follow the seven steps in clause 6.1: check your result, select not more than three courses under Supplementary Registration on the examination portal, read the eligibility shown, pay the fee, submit the signed acknowledgement at the office of your department, download the admit card and appear with the admit card and your University identity card. Register within the dates in Table 4.

Q2. I obtained 39 marks in total in a theory course. Am I eligible for the supplementary examination?

Your result is FAIL because the total is below 40. You are eligible if your internal marks are at least 12 out of 40 and the other conditions in clause 4.2 are met.

Q3. I obtained 48 marks in total but only 20 in the End-Semester Examination. Have I passed?

No. In a theory course you need at least 21 external marks as well as 40 in total (clause 3.2). Your result is FAIL and you may apply for the supplementary examination.

Q4. I have five active backlogs. Can I clear all of them in one supplementary session?

No. You may appear in not more than three courses in one supplementary session (clause 4.2 (b)). With more than four active backlogs you are also on academic probation (Table 5).

Q5. I passed a course with the grade P. Can I appear in the supplementary examination to improve it?

No (clause 4.5).

Q6. What grade will I get if I pass in the supplementary examination?

The grade follows Table 2 on your total marks, but it cannot be higher than B+ (clause 5.4). The cap does not apply if your absence from the regular examination was accepted under clause 4.7.

Q7. I failed one course in the Odd Semester 2026-27. If I pass it in the supplementary examination, will I be eligible for placement?

Yes, from the date on which the supplementary result is declared, provided that you then have no active backlog and your CGPA worked out again is at least 6.00 for B.Tech. or 6.50 for M.Tech. (clause 10.5 and Table 6).

Q8. My CGPA is exactly 6.00. Do I meet the minimum for placement as a B.Tech. student?

Yes. A CGPA equal to the minimum meets it (clause 7.3).

Q9. May I still use the CGPA after dropping two subjects for placement?

No. From 01 October 2026 only the CGPA on your latest grade card is used (clause 10.4).

Q10. Does this circular decide whether I am promoted to the next year?

No. Promotion is decided under the Regulations of your programme (clauses 1.5 and 7.6).
